

Take Two

Music & Lyrics by Victor N. Hafichuk

D **E**
I could be wrong, but I think I'll be strong,
G **A** **D**
Singing a song as He takes me along to the end.

D **E**
How can it be that I can still see
G **A** **D**
Another life... arriving for me?

D **E**
I've lived threescore and ten, just to start it again,
G **A** **D**
And what will now be is not... what was then.

Chorus

D **E**
Take two - here comes the dawn
G **A**
Take two - the night is finally gone
D **E**
Break through - this is... my new song
G **A** **D**
This is... this is... my Take Two....

(cont'd next)

...

D **E**
Wonder of wonders, who knew?

G
I didn't see this coming

A **D**
I didn't see it coming, but He knew.

D **E**
From rags of strife to the joy of new years

G **A**
I thrill at the prospect before me.

D **E**
The sound of music rings in my ears

G **A** **D**
Telling me I'm strong and free... so free.

Chorus

D **E**
Take Two... the past is dead and gone

G **A**
You were right... and I was wrong

D **E**
You were there... all along

G **A** **D**
I think it's also Your new song, my Friend.

D **E**
I could be wrong, but I think I'll be strong

G **A** **D**
Singing a song as He takes me along to the end...

E **G** **A** **D**
To the end... to the end the end.
